=====  
We had a great time at our Un-Convention. Beverly got a job judging for a fair so missed the first two days.

It was fun to go to everyone's houses. Alice has a great back yard with a lot of decorations on her fence and in the flowers, We ate lunch out there, We ate on the deck at Muriel's, we made lace all day on my front porch (had lunch inside), at Opal's we looked at patterns and stuff she got in Idrija, and on the last day we went to Marilyn Charles' house. She baked cookies. Yummm!

Thanks everyone.

Dianne Nicholson went back home to Ka-  
lowna, BC after the Idrija class and finished  
her projects —

She made one of the bracelets using red cotton thread with the metallic. Nice combination.

She also did one of the hearts with the flow-  
ers. Nice colors.

Thanks for sharing with us.

Remember—every 2nd Saturday at The Mill 10 am to noon  
is an opportunity to share our lace addiction.

Looking through an old Roseground (April of 2001) I ran  
across this clever idea from Alice. Wouldn't you know. She  
always has creative ideas.

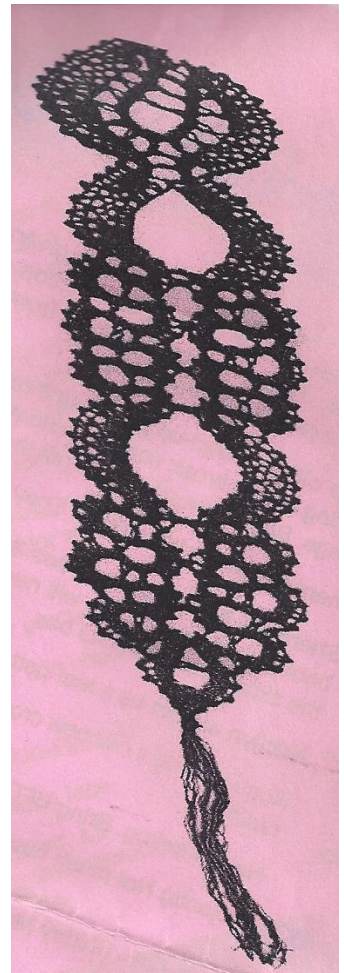

So this is an Idrija bookmark  
she made by using a hanky  
edging from page 13 of "Idrija  
Lace" by Cook and Tratnik.

The corner and the sides  
hooked together in the middle.  
I thought it was timely to re-  
print it. I just might make one.

Shelly sent me a picture  
of her new little mascot.  
Isn't he cute?

Consignment Table with many goodies.

Raffle Items and door prizes.

This is a new location so be sure and look it up on-line or get out a GPS.

Bring your own Lace Table so we can sit around in a circle. There will be a couple of tables to put your pins and tools on by your side. We have a bigger space and we want to spread out and give room to walk between us and encourage visiting, showing off, and working etc.

Try-me pillows will be out and ready. Plan on helping out for a while so we can all have time to shop and share.

Tatter is in—Sherrie Campbell will head up the tatting for beginners or anyone wanting to brush up on their skills or continue from last year.

So for a little prep for the coming class I thought I should review the ground, a catch pin, and head side picots. Also, an excuse to load some thread on my Thumpers made by Bobbin Bob. He did a great job on them. Very colorful and they do "thump" when used.

OIDFA—Well, we have some up close and personal experiences. Our representatives were: Joyce Clow, Carol Houser, Opal Shimmin and Beverly Davis.

What a great time they had.

Hey, want a pillow? Any size? Well, Opal and Carol brought their pillows home, but Bev and Joyce have a special order in to be delivered as soon as Cipke Mojca sets up their PayPal account. I've got my order in as well

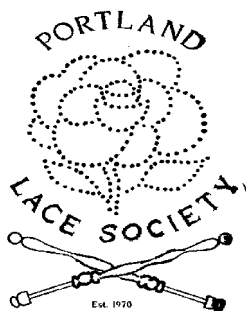

Maybe only one bobbin if it is this big. Ask them about this long pillow.

How about some patterns to go with the pillows and threads? Just rip one off the wall and wind your bobbins.
